

POWER OF CI/CD

Does CICD help us out?

ALL ABOUT AUTOMATION

Faster Delivery to
market

More confidence
for new releases

Quick undo to
return production
to working state

Better code
quality

More robust
system

More efficient
developers

...

What we would gain

What we can
get rid of...

Long and unnoticed downtime

High infrastructure cost

Cost of unused resources

Human errors

Costly security holes

...

THANK
YOU
